KEY ACHIVEMENTS

Code Fellas Hackathon

- The site is basically a common place to register and get all the necessary information related to the event created for providing hassle free working of the Code Fellas Hackathon.

Techno Cultural Club

- Outstanding performer in Creators Web Designing Contest as a testament to my proficiency, creativity, and dedication crafting visually stunning and user-centric digital experiences.

PROJECTS

My Portfolio webpage

- This webpage is a curated collection of my projects, showcasing my expertise across various domains.
- Explore a digital realm where creativity meets functionality and innovation dances with design.

Hackathon website

- This website provides regular immediate updates about hackathon.
- Participants can register themselves and expect us to come up with all the information related to hackathon i.e dates, timings, links, topics. All this with an interactive design.

Login-Signup Form

- user-friendly login/signup pages using Java Swing and JFrame technologies.
- Demonstrating expertise in GUI design and backend integration to enhance user experiences and ensure data integrity.
